ALL DAY FRIDAY

STROLL through the beautiful pastures, **INSPECT** the sale cattle and the Glen Cove breeding herd. **ENJOY** an autumn day in the lovely, rolling New York countryside. **RELAX** and **VISIT** with friends at the Worden's **OPEN HOUSE** beginning at 5:00 p.m. on **FRIDAY EVENING, OCT. 1.**

A Note from Glen Cove...

We are proud and confident of the fact that we have put together the best group of cattle that has ever been sold in a Glen Cove Production Sale. There are many females in this offering that we would very much like to keep, but we feel that to insure our success and to continue to supply our many good customers with the seed stock that they are seeking we must part with the kind that we would like to retain.

You will be especially pleased with the long service dates on the cows and bred heifers. Considering the great sires used on these fine females there is every possibility that a good number of purchasers will also soon be the happy owners of potential herd sires or heifers of championship quality.

It is our hope that all our friends in the Shorthorn business will make it a **MUST** to be at Glen Cove Farms on October 1st for an inspection of our entire herd and a social get-together in the evening and on October 2nd to register approval of the fine individuals being sold.

If we can be of any assistance in planning your trip or making reservations, please contact us.

TERMS AND CONDITIONS OF SALE

TERMS — The terms of this sale are cash. All settlements must be made with the Clerk immediately at the conclusion of the auction and before the animals are removed.

GUARANTEE — All animals selling as a separate lot in this sale are guaranteed to be breeders regardless of age at the time of purchase, except that bulls shall not be allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. Notice of a failure of a bull to breed must be given to Glen Cove Farms at the earliest possible date. When a bull or female fails to comply with the guarantee Glen Cove Farms will have the option of substituting an animal of equal value to the satisfaction of the purchaser, or having the animal returned for a trial period of not to exceed 6 months. The expense of freight in such cases is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any later substituted.

REGISTRATION CERTIFICATE — Certificates of Registry showing transfer will be furnished with each animal sold. An Application of Registry will be furnished for all unborn calves.

HEALTH — Glen Cove Farms are Federally Certified for Bangs No. C2271 and T.B. Accredited. A Health Chart will be furnished for each lot, so they can be shipped into any state and Canada.

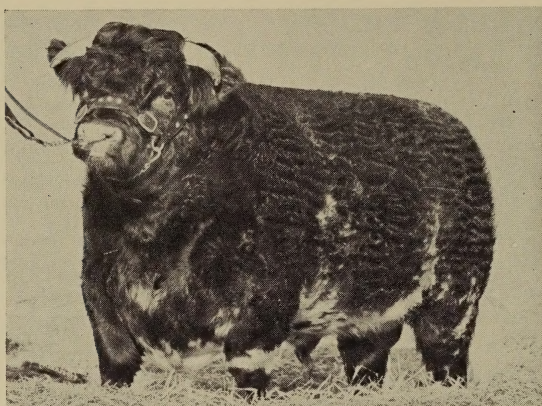

ANNOUNCEMENTS — All announcements made from the auction stand on sale day will be considered final and will take precedence over the matter printed in the catalog.

LIABILITY — The above guarantee (terms) shall constitute a contract between Glen Cove Farms (seller) and the buyer of each lot. Neither the sale manager, nor the clerk of the sale assumes any liability, legal or otherwise. Where footnotes appear in this catalog, they were furnished by the owners. We will not be responsible for any accidents that may occur but will make every effort to provide for the comfort and safety of our guests. Accidents at cattle sales are rare, but persons attending must do so at his or her own risk.

✦ **GLEN COVE CAIRNBROGIE 3007-056.** This 1961 International Supreme Champion and All-American two-year-old bull, one of the all-time great show bulls, is now proving equally as great a breeding bull. Now in six-year-old form, he still possesses all the quality, sound feet and legs and great fleshing that made him a great show bull. In our recent classification he received one of the highest scores ever given a herd bull in the United States—88.3 points. Many of the cattle in the sale are by Cairnbrogie and a good number will be bred to him. Be sure to see him sale day.

☼ **LOUADA NUGGET -377843-**. The highest priced American bred Shorthorn bull in history is proving his great breeding ability across the nation. He is owned jointly with K. C. Farms and W. C. Anderson, and there are reports of great calves by Nugget from Iowa to New York. His offspring were in great demand at last year's sale, and we think we have an even greater group this year. Nugget's great potential is just beginning to be realized, and those who would like to own some of his offspring will never buy them more reasonably.

★ **GLEN COVE BATTLESHIP 3181-963.** A young bull that we have retained and regard very highly. The cow family behind him needs no introduction. We could fill the entire catalog with the history of the Louada Blood Royals. Louada Blood Royal 11th was purchased after she had dropped three heifer calves at Louada. They sold two of them, one for \$4,000.00, the other for \$2,500.00. The third is still at Louada. The 11th is a full sister to Louada Battleship and Beaver, both \$5,000.00 bulls. We feel this young bull crossed on the Nagget daughters should be great. There are a few included in this sale.

RECOMMENDED GUARANTEE

Of American Shorthorn Breeding Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.

5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bang's Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificate of Registry and Transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificate of Bang's Calfhood Vaccination, and those that are not from Accredited Herds have passed a clean Tuberculin Test within the same period. Health Certificates will be provided with each lot sold.
